PETITION TO CORRECT FILING DATE UNDER 37 CFR §1.10(d)

MAIL STOP PETITIONS
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir/Madam:

On September 19, 2003, the undersigned attorney of record filed the above-identified patent application. Along with the application, a self-addressed postcard was submitted pursuant to M.P.E.P. §503. On September 29, 2003, the postcard was returned, identifying Serial Number 10/666,538, and assigned a filing date of September 12, 2003. The actual filing date of this patent application was one week later, September 19, 2003, and this petition is being submitted to rectify this discrepancy.

The relevant rule under which the present petition is filed, 37 CFR § 1.10, does not appear to require payment of a petition fee. However, **authorization is hereby expressly provided to charge Deposit Account Number 50-0996 (KING.005C1)** for any requisite fee(s) associated with this petition.

The present petition is being submitted pursuant to 37 CFR §1.10(d), which is reproduced below:

(d) Any person filing correspondence under this section that was received by the Office and delivered by the "Express Mail Post Office to Addressee" service of the USPS, who can show that the "date-in" on the "Express Mail" mailing label or other official notation entered by the USPS was incorrectly entered or omitted by the USPS, may petition the Commissioner to accord the correspondence a filing date as of the date the correspondence is shown to have been deposited with the USPS, provided that:

(1) The petition is filed promptly after the person becomes aware that the Office has accorded, or will accord, a filing date based upon an incorrect entry by the USPS;

(2) The number of the "Express Mail" mailing label was placed on the paper(s) or fee(s) that constitute the correspondence prior to the original mailing by "Express Mail"; and

(3) The petition includes a showing which establishes, to the satisfaction of the Commissioner, that the requested filing date was the date the correspondence was deposited in the "Express Mail Post Office to Addressee" service prior to the last scheduled pickup for that day. Any showing pursuant to this paragraph must be corroborated by evidence from the USPS or that came into being after deposit and within one business day of the deposit of the correspondence in the "Express Mail Post Office to Addressee" service of the USPS.

Pursuant to 37 CFR § 1.10(d)(1), the present petition is being filed promptly after becoming aware that the Office has accorded a filing date based upon an incorrect entry by the United States Postal Service (USPS). The undersigned attorney of record noticed the incorrect filing date on September 29, 2003, based on a return postcard received at Crawford Maunu PLLC on September 29, 2003. A copy of the return postcard showing the USPTO Serial Number and filing date, is attached hereto as Exhibit A.

37 CFR § 1.10(d)(2) requires that the number of the "Express Mail" mailing label be placed on the papers that constitute the correspondence prior to the original mailing by "Express Mail." This requirement was met, as evidenced by the transmittal document filed with this patent application, attached as Exhibit B. As seen

from the transmittal document shown in Exhibit B, a "CERTIFICATE UNDER 37 CFR 1.10" was provided, identifying "Express Mail mailing label number" EL 981390484 US. The Express Mail mailing label sticker is also shown on the file copy of the document, positioned to the right of the address block. Compliance with 37 CFR § 1.10(d)(2) has therefore been achieved.

37 CFR § 1.10(d)(3) requires a showing which establishes that the requested filing date was the date the correspondence was deposited in the "Express mail Post Office to Addressee" service prior to the last scheduled pickup for that day. This showing is to be evidenced by USPS receipt information that came into being after deposit of the patent application. This showing can be established by the Applicant, as set forth below.

The facts associated with this issue are generally as follows. The above-identified patent application was prepared for filing on September 19, 2003. An "Express Mail" mailing label number (EL 981390484 US) was included in the 37 CFR § 1.10(a) certificate on the transmittal documents accompanying the patent application. A self-addressed postcard was attached to the patent application pursuant to M.P.E.P. § 503 (see Exhibit A). The patent application, accompanying documents, and self-addressed postcard were packaged in a single Express Mail package, which was hand-delivered to the USPS by an employee of Crawford Maunu PLLC on September 19, 2003. Unbeknownst to this employee at the time, the USPS entered 9/12/03 in the "Date In" field of the Express Mail label, rather than 9/19/03 which was the correct date. A copy of the Express Mail label is attached at Exhibit C. A receipt document obtained from the USPS evidencing this information is attached as Exhibit D. As evidenced by this USPS document, the date and time in which EL 981390484 US was accepted at the St. Paul, MN USPS was 9/19/2003, 8:29.

On September 29, 2003, the postcard (Exhibit A) was returned, identifying Serial Number 10/666,538, and assigned a filing date of September 12, 2003. The undersigned attorney of record was notified on September 29, 2003 by a Crawford Maunu PLLC employee that the filing date accorded by the USPTO did not correspond to the date of the 37 CFR § 1.10(a) certification.

It is respectfully submitted that the foregoing information fully complies with 37 CFR § 1.10(d). The Applicant respectfully requests that the filing date corresponding to U.S. Patent Application Number 10/666,538 be accorded the proper filing date of September 19, 2003.

The undersigned attorney of record may be contacted at 651-686-6633 (extension 110) to discuss any issues related to this matter.

Respectfully submitted,

Crawford Maunu PLLC
